

Mopar® SURVIVORS

Invitational Display

2019 NATS Columbus

Mopar Nats, Columbus OH August 9-11

Sign up for the display is through me with a \$50 tent fee for the weekend.

You must ALSO sign up with the Nats and pay the Mopar Nats standard entry fee.

We have a tent sponsor at this event. Again, in appreciation to our sponsor, the \$50 tent fee is a donation for the sponsor and to guarantee your tent space. Again, Friday noon through Sunday noon is required. Trailer parking is at the back gate entrance on Refugee Rd.

For 2019 front wheel drive Mopars are included. Looking for unique examples, GLH, Turbo, Laser, Daytona, TC 3, Shelby, Rampage, Spirit R/T, Stealth, etc.

MISSION: The first objective is to preserve the nice old MOPARS and gather them together for reference displays to show them as they were years ago.

The second objective is to get all of the owners together for the displays to have fun and enjoy their MOPARS.

This is not a club with a membership. Any Mopar that meets the criteria, and would like to attend a show, can sign up. There is not, and will not be any competition within this group.

CRITERIA: UNRESTORED / UNRESTIFIED MOPARS at least

25 years old, striving for 80% each; of the paint, interior, and drive train. Must be as "factory installed or applied". It does not mean repainted to the correct color or rebuilt to the original specifications.

We want the display to present each vehicle to best represent it the way it is after Surviving all these years. Maintenance and normal repairs are acceptable as well as minimal accident repair. Rust repair is not acceptable. Component replacement; such as belts, hoses, exhaust, tires, etc. is expected.

To maintain a high quality display, we recommend replacing components with similar items such as correct tire type and size, correct battery, stock appearing exhaust, correct hose clamps, belts, etc.

If your Mopar is going to participate in one of these displays, we will ask for two pictures and a short story of how it survived over the years. This will become part of the display.

If you have any questions, please ask.
